Dear Khun Nanthika,

Thank you and I greatly appreciate your support.

As per our conversation over the phone, we are recruiting **IT (Information Technology)** fresh grads right from the university and above all, we would need their English to be in a good spot as well.

Scalia Ventures Co., Ltd, with an established presence in Thailand as well as overseas, is looking for a (role) for the purpose of further enhancing its growing IT Team.

The ideal candidate, a bilingual Thai national would show an excellent understanding of English and the ability to work in a great Team.

You will be based in our brand-new HQ office located in Asok, Bangkok - with easy and convenient access to both the BTS and MRT.

Professionals willing to share a Company vision, mission, and achieving set goals will be adequately remunerated with career progression.

The open positions are as follows:

A. Backend developer:

Knowledge, skills and techniques involved as per below:

- PHP laravel framework
- Rest api
- Mysql

B. Front End developer:

Knowledge, skills and techniques involved as per below:

- Reactjs
- Tailwind CSS

C. Mobile developer:

Knowledge, skills and techniques involved as per below:

- Flutter

Salary would be 20K during probation, and 25K past probation.
Standard contract.

For interested candidates, kindly send an email to K. Panida at panida.s@scaliaventures.com with your resume and portfolio attached.
Looking forward to your application.

Best regards,
